GELATINE AS AN ECONOMIC AID IN COOKERY.

Gelatine is frequently referred to and used in a great number of our recipes, and it is very generally used in large cities: but still there are many who have rather a prejudice against it, regarding Mrs. J. R. Bourgette visiting her mother-in-law, Mrs. A. M. it chiefly in the light of a useless commodity, adding unnecessary expense to The trustees of the First Presbyterian the household accounts. They consider it church have decided to paint their house but "poor and unsubstantial stuff." This is a mistake, for, although the actual amount of its food value is debumble in terday from a visit to Kansas City and many learned minds, it is nevertheless a most useful as well as agreeable tion to our most available and most

easily adapted food materials. Used when meats are re-cooked, expocially boiled or soup meats, it supplies some of the constituent parts which have

oy Sunday morning. cooking.

Misses Willie and Nattle Campbell left When mixed with fruit juices or with stewed fruits, a much more substantial and inviting dish is prepared.

quently has bits of cold, ment, fish, game or the remains of joints to dispose of. for when made up with gelatine in dainty little moulds they make acceptable and attractive lunch or supper dishes. One harden and curdle and your dish you are preparing will be spoiled. It should have enough cold water added to the quantity mustin and pack it in ice and sait. Many chackes of all denominations to be used to steep and thoroughy soften it, and then stirred into gravy, custard, point, and stirred just long enough to quite dissolve it.
